# RISING TRADES CONTRACTOR ACCELERATOR

*A New Suite of Services to Grow Your Business*

## About the Program

The Rising Trades Contractor Accelerator is a curated business program designed to support diverse entrepreneurs in green construction and the high-performance buildings industry. Through customized coaching, strategic pairings with professional service providers and mentors and practical education, we provide business counsel and connections to accelerate BIPOC contractors as leaders of sustainable construction.

## Program Benefits:

- 8 months of curated support to help organize, network, and scale in green construction
- 40+ hours of complementary business guidance from service professionals in critical areas such as bidding, estimating, bookkeeping, accounting and legal counsel
- Strategic networking with peers and experts in green construction
- Access to a mentor network for one-on-one customized support
- Practical education and ongoing training opportunities in the high-performance buildings industry
